Fretilin protest

SYDNEY — A Fretilin member is staging a sit-in at the Immigration Department offices in Sydney's Chifley Square in the hope he will be deported from Australia. Mr. Estarislau da Silva said he'd had his passport seized by police after a raid on an illegal East Timor radio transmitter near Darwin two months ago. He said he is staging the sit-in until the Government either charges him or gives him back his passport. Da Silva said two months was long enough to wait.
